All eligible shipments tendered to Con-way Freight invoiced with Volume Shipment Pricing will receive a “no charge” guarantee. The program will cover all points served direct by Con-way Freight with points of origin and points of destination in the contiguous 48 United States (excluding Alaska and Hawaii). If delivery is not completed within the published transit time, the debtor will (subject to terms and conditions listed below) receive a zero invoice for all net linehaul charges, including fuel surcharges. All other applicable accessorial charges would still apply.

The program covers all shipments invoiced with Volume Shipment Pricing. No action is needed on the part of Con-way Freight customers to be enrolled in the program. The program will automatically be applied, and is subject to the following conditions:

- Standard Delivery Service Guarantee only applies to points that are serviced direct by Con-way Freight with points of origin and points of destination in the contiguous 48 United States (excluding Alaska and Hawaii).

- Only the debtor (defined as the beneficial owner of the freight) is eligible and may file a claim under this Item 240. No agent, representative or third party may file on behalf of the debtor. Any changes made to the original debtor of the freight bill will render the service guarantee null and void.
- The filing for the money-back guarantee can be made using an easy-to-complete electronic form available on the Con-way Freight web site. The debtor must be a registered web site user to file a claim.
- In the event claim for failure to perform service is denied, any objections or disputes of such denied claim must be filed within 30 calendar days of original scheduled date of delivery of shipment.
- Transit time performance is excused when loss, damage, or delay is caused by an act of God, public enemies, riot, strike, other work stoppage, or labor unrest, a defect or inherent vice in the goods, act of public authorities, act or omission of custom officials, terrorism, faulty, or impassable highway, lack of capacity of a highway or bridge, authority of law, quarantines, civil commotion or hazardous incidents to a state of war, compliance with laws, government regulations, orders or requirements, act or omission of shipper, consignee, or owner of the goods, or any cause beyond Con-way Freight's control.
- Any customer who marks a "G!" or "Guaranteed" on the bill of lading will be charged an extra 20% and the shipment will move under the original "G!" program as outlined in tariff CNWY 199 Item 200.
- The following shipments are excluded from this program:
  - Shipments marked for or that subsequently require delivery using lift gate equipment
